

A special note to my patients...

I am pleased to announce that I will be taking an exciting leave of absence from mid-January 2010 through the last week of May 2010 to travel to New Zealand, where I will be working in Thames for the Maori Health Service. I will be studying the unique health care needs of individuals from different cultural backgrounds, and working with an underserved community. It is an exciting opportunity for my husband, Russ, and me.

With that I would like to introduce Greg Holley, Physician Assistant.

Greg has been working with my practice over the last month and he will be providing medical services to my patients during my travels to New Zealand. Greg is a terrific healthcare provider and has had extensive experience in primary care, women's care and urgent care. He is a great addition to the Silt Clinic and Glenwood Medical Associates.

Sarah Oliver, Nurse Practitioner will also be available to offer care for my patients, and provide necessary acute and chronic services. Sarah also has a wealth of medical knowledge and over 25 years of experience as an Adult Nurse Practitioner.

Lastly, all the physicians at GMA have been supportive and will be assisting with coverage in my absence. I will be looking forward to returning to all my patients in the spring and sharing stories and experiences.
