

Cool the Heartburn

C.R. Hall, MD, General and Bariatric Surgeon

Discover how robotic surgery can relieve your pain

Relieve the pain from severe heartburn, gastroesophageal reflux disease (GERD) and hiatal hernia through robotic surgery.

Highly-trained and specialized surgeon Dr. C.R. Hall has performed more than 100 robotic-assisted surgeries to treat these conditions at South Florida Baptist Hospital.

South Florida Baptist Hospital continues to blaze a trail by providing you with unique robotic services to aid in quicker healing, shorter hospital stays, reduced pain and a faster return to a healthy lifestyle.
