

The EVMS Strelitz Diabetes Center *and* Division of Endocrinology

The EVMS Strelitz Diabetes Center *and* Division of Endocrinology welcomes new Associate Professor and medical director with clinical expertise in diabetes, endocrinology and cardiovascular disease.

Joseph A. Aloï, MD graduated from the George Washington School of Medicine and completed an internal medicine residency and an endocrine, diabetes and metabolism fellowship at The University of Virginia Medical School in Charlottesville, Virginia. His interests include the treatment and prevention of Type 2 diabetes, management of obesity and cardiovascular disease. Dr. Aloï has served as principal investigator on the NAVIGATOR diabetes prevention clinical trial and involved in ongoing clinical trials in cardiovascular risk reduction and new therapies for Type 2 Diabetes. He is on the Board of Directors of the Mid-Atlantic Chapter of the American Association of Clinical Endocrinologists.
