

**Tobacco
Free Campus**
For Your Health

For Your Health, Our Campus is Tobacco Free

Prior to Your Procedure

Tobacco cessation materials and nicotine replacement therapy products are available to patients. Please discuss these options with your physician. Our business office would be happy to verify if your insurance covers these options.

During Your Stay

There are no designated smoking areas on Livingston HealthCare property. For safety reasons, during your hospitalization it will not be possible for you to leave our property to use tobacco products.

Upon admission, your nurse will discuss the nicotine replacement therapy products that are available to make your tobacco-free experience more comfortable. If at any time you are not feeling relief from cravings, talk with your nurse or physician to discuss additional options.

Livingston HealthCare includes:

- **A** Livingston Memorial Hospital
- **A** Home Oxygen
- **B** Orthopedic and Rehabilitation Institute
- **C** Park Clinic (River Drive)
- **D** Park Clinic (West Crawford)
- **E** Home Care & Hospice Care
- Sleep Center, 1429 West Montana

Since 1955, Livingston HealthCare has provided premier-quality healthcare to the residents of Park County and surrounding communities. We keep our community healthy with a broad scope of services provided by well-trained and highly-skilled professionals. At Livingston HealthCare, we believe that **the way we care** is as important as the healthcare services we provide. That's why we like to say that we're more than just healthcare. We're really **the heart of community care.**
