Since 1955, Livingston HealthCare has provided premier-quality healthcare to the residents of Park County and surrounding communities. We keep our community healthy with a broad scope of services provided by well-trained and highly-skilled professionals. At Livingston HealthCare, we believe that **the way we care** is as important as the healthcare services we provide. That's why we like to say that we're more than just healthcare. We're really **the heart of community care.**

LivingstonHealthCare

the heart of community care

For your health, our campus is tobacco free.

We're the "care" part of your health.

Women understand women. That's why our all-female team of women's healthcare providers appreciates your specific healthcare wishes and needs. We offer comprehensive women's healthcare—preventative care and treatment for obstetrics through menopause—including all aspects of women's health, like osteoporosis, high cholesterol, or high blood pressure. Whether for pregnancy, mammograms, or hysterectomies, we take care of women.

Come See Us

To schedule an appointment with one of our providers, please call the Park Clinic at 222-0800. We have office hours in Livingston and Bozeman.

We understand women's bodies. And we listen—for as long as you need. It's the kind of care women expect.

Shawn Burwell, MD
Diplomate, American Board of Obstetrics and Gynecology

Medical Education

University of Tennessee Health Science Center, Memphis

Residency

Vanderbilt University

"We all take time with our patients. We try not to make them ever feel like they're being rushed. This is not an assembly line practice and it is our specific choice to make it that way."

Denise Helin, MD
Diplomate, American Board of Obstetrics and Gynecology

Fellow, American College of Obstetrics and Gynecology

Medical Education

Baylor College of Medicine, Houston, Texas

Residency

University of Colorado Health Sciences Center, Denver

"What I love about women's health is the continuity of care. From adolescence through menopause, we have the great privilege of being involved at key transitions in women's lives."

Genevieve Reid, MD
Diplomate, American Board of Family Practice

Medical Education

Oregon Health and Science University

Residency

Montana Family Practice Residency, Billings

"Our focus is comprehensive women's healthcare. We offer preventative care and treatment, whether for pregnancy, mammograms, or hysterectomies, we take care of women."

Peggy Scanson, CNP
OB/GYN Nursing Specialty Certification

Medical Education

University of North Dakota

Residency

University of North Dakota

"We're unique in that we're all women. But it's more than that. We've had our own children. We understand being pregnant and giving birth. We understand women's bodies."
