CONGRATULATIONS!

Welcome to Valley Center for Women's Health! We are a comprehensive, high quality, health care facility catering to the needs of women. All of our offices provide a comfortable and caring environment for this joyous time. Our Medical staff includes Board Certified Obstetricians and Gynecologists, Internists/Primary Care Providers, and Clinical Psychologists.

All of the information enclosed has been put together to assist you over the next few months. This packet is simply a guide... We encourage communication... No two pregnancies are alike and there is no such thing as a "silly" question. We, as a group, are here to make your pregnancy and birth experience fun and exciting.
